# HQ 150 - EU

## AC Charger

The HQ 150-EU is a three phase, AC, electric vehicle charger available for on wall or pillar mounting. It is ideal for parking garages, housing communities, schools, and recreational centers, shopping centers, workplaces, hotels, healthcare facilities, even for small places where space is limited. The model complies with all applicable European directives and meets all CE marking requirements.

### RELIABILITY • ECONOMY • ERGONOMIC DESIGN

#### HQ 150 - EU Benefits

- Wired or Wireless connection for easy use
- LED status indicators for each socket
- Robust anti-vandalism structure
- Weather protected enclosure
- Custom painting scheme is available

#### Product Details

Charger type	Level 2/Mode 3
Number of sockets	1
Power per socket	22kW AC
Type of cables	Type 2 (IEC 62196-2)
Supply	400V AC 3ph+N+PE 50Hz permanently connected
Frequency	50Hz
Rated current	32A
Protection class	IK10/IP54
Protection class against electric shock	Class II
Environmental conditions	Outdoor (IEC 61439-1:2011)
Operating temperature	-25°C to +50°C
Humidity	100% at +25°C
Mounting	on wall & on pillar
Enclosure	Powder Coated Steel
Dimensions	475(h) x 265(w) x 210(d) mm
Weight	17kg
Energy metering	1 x MID Power Meters
Communication	Ethernet/Wi-Fi/GSM/3G
Communication protocol	OCPP 1.6JJSON
Interface	RFID Cards & Mobile App
Standards	IEC 61851-1/IEC 61851-22
	Low Voltage Directive: 2014/35/EU
	Electromagnetic Compatibility: 2014/30/EU
	Radio: 2014/53/EU
	Measuring Instruments: 2014/32/EU
	RoHS II: 2011/65/EU
Manufacturer	EUNICE WIND, Greece
